

Class 3 Autumn Newsletter

Welcome to Class 3!

We've got a busy term ahead and this newsletter will give you an idea of what we'll be learning in class!

Tribal Tales

Take a moment to step outside and stand quietly and still. Turn off all your technology and try to forget the modern world. Imagine this place 5000 years ago. What would you see?

We'll be heading back to prehistoric times to gather berries and hunt down dinner!

Misty Mountain Sierra

Mighty mountains peak above our mists, imposing and eternal, rocky outcrops at their feet.

We'll discover how these giants are formed, as a fold or a block, dome or plateau. Then we'll plan a mountain expedition that is eco-friendly and safe as can be!

English

We'll be working with different stories by Roald Dahl and focusing on the different characters they contain. After that, we will be working on information texts, recounts and fantasy stories, as well as building on our knowledge of spelling, punctuation and grammar.

Maths

Our maths work will focus on number and place value, addition and subtraction, and multiplication and division. We will be learning different methods for these operations and applying them to different problems.

Homework

Homework and spellings will be given on Thursdays. Homework will be collected on Tuesdays and spellings will be tested on Wednesdays.

Science

This term we will be investigating the features of plants, what they need to survive and how they are different. We will also be looking at states of matter and what causes them to change.

PE

PE will be on Wednesday and Friday afternoons, we'll be playing tag rugby and football, as well as doing some orienteering. After half term we'll also be going swimming—more information will follow.

Music

This term we will be working with Tees Valley Music to learn samba drumming!
